Director-By-Laws and Policy

October 28, 2019

From the President's Desk

This year is rapidly coming to an end. The board has made some great strides this year to enhance the direction and purpose of our organization.

The first of these steps was to reinstate the program to reward members for obtaining additional certifications. This program will benefit our members, our member communities as well as our profession. First prize is \$250.00, second prize is \$150.00, and third prize is \$75.00. To our members, please turn in a copy of your newly acquired certification to any one of the board members by Friday, Nov. 22, 2019.

This year's golf outing netted \$3000.00 which will be donated to Habitat for Humanity. Habitat works with many less fortunate people in our communities and they provide a service and benefit to many of our communities. I would like to thank everyone who was involved in this fun, but beneficial, function.

Coming up rapidly is our Fall School Training. These classes will be held on Friday, Nov. 8, 15, and 22 of 2019. These classes provide extremely beneficial CEU's to maintain all of our certifications. Again, costs are being held down in order to provide this benefit to as many members as possible.

Lastly, mark your calendars for Friday, Dec. 6, 2019. This is the date for our annual meeting, luncheon, and election of new board members. We are looking for a few people to step forward as we will have at least two open board position to be filled. Please let any board member know of your interest at your earliest convenience.

This year, NWBOCA was represented at the ICC Annual Conference by Sanyokta Kapur, membership chair. I would like to thank her for her representation and participation at this year's event.

After holding the position of President for the last three years I must sadly relinquish this position. In April of 2019 I retired from municipal employment and can no longer hold a position on the board. I am hopeful that there are members willing to step forward and help guide the organization into the future. I wish good luck to the next board of directors and am hopeful that the organization continues to move forward for the benefit of all membership

Sincerely,

Raoul Johnston C.B.O., C.B.C.O.
Sr. Building and Life Safety Consultant
Fire Safety Consultants, Inc. (FSCI)
